read a book and see what blooms

NEW SPRING READS AT THE
LIBRARY

New at the Library

The Newcomer by Mary Kay Andrews- After she discovers her sister Tanya dead on the floor of her New York City townhouse, Letty Carnahan is certain she knows who did it: Tanya's ex; Evan Wingfield. So Letty grabs her sister's Mercedes and hits the road with her wailing four-year-old niece Maya. Letty is determined to out-run Evan and the law, but run to where? Tanya, a woman with a past shrouded in secrets, left behind only one clue: a faded magazine story about a sleepy mom-and-pop motel in a Florida beach town with the improbable name of Treasure Island. Can Letty find romance as well as a room at the inn—or will her secrets and put her behind bars?

The Saboteurs by Clive Cussler-Detective Isaac Bell's investigation into an attempted assassination brings him to the construction site of the Panama Canal--and straight into a nest of vipers--in the latest adventure in the #1 New York Times--bestselling series from Clive Cussler.

Facing the Mountain by Daniel James Brown-From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and courage: the special Japanese-American Army unit that overcame brutal odds in Europe; their families, incarcerated back home; and a young man who refused to surrender his constitutional rights, even if it meant imprisonment.

World Telecommunication and Information Society Day (WTISD) has been celebrated annually every 17 May since 1969 to mark the founding of ITU and the signing of the first International Telegraph Convention in 1865.

The COVID-19 crisis has not only highlighted the critical role of information and communication technologies (ICTs) for continued functioning of societies but has also brought to the fore the startling digital inequalities between and within countries.

WTISD 2021 is an opportunity for ITU membership to continue to push for digital transformation by promoting national strategies on ICT development, smart policies to encourage investments, cooperation, and partnership. ITU invites you to actively participate in commemorating the theme of WTISD 2021, "Accelerating Digital Transformation in challenging times", throughout the year with national, regional, and international initiatives to accelerate digital transformation as highlighted in the Call to Action.
